

Hollywood Racks Trike Adapter "Secondary Bracket" installation guide for use with SportRider Model HR1000R

Contents:

"Secondary Bracket"

5/16-18 x 2" carriage bolts, nuts, washers (two ea)
safety screw/nut

Installation Instructions:

1. Install long and short trike bar
 2. Install secondary bracket using carriage bolts.
- If installing on the right side, use the upper holes.
If installing on the left side, use the bottom holes (so as to clear the welded support rib)
3. adjust width for trike, tighten set screws and carriage bolts.
 4. Install wheel holders , then install safety screws.
